I hope you find some good insight and new favorites in this worksheet! Cheers to the wealth coming your way!

How To:

Affirmations can be super powerful and effective tools to aid you on your manifesting journey. However, using them in an effective manner is key. Here are some of my favorite ways to use affirmations. I encourage you to test them out before deciding any of these aren't for you.

1. Put affirmations on post-its and place them everywhere you will see them (e.g. on your bathroom mirror, in your car, on the refrigerator, on your computer, etc.)
2. Tap into the feeling of wealth THEN say/write those affirmations.
3. Whenever you want to shut the doubt, fear, etc. up...write out a page of the same affirmation over and over again.
4. Say affirmations OUT LOUD while looking yourself in the eyes in the mirror.
